Board of Directors Honor Award

This year we are proud to honor Phil Pardhun, founder and President of Pelco Products, specializing in the design and manufacture of traffic signal hardware, utility products and decorative outdoor lighting. A relentless innovator and entrepreneur, he has numerous patents to his name and has been recognized by industry and community bodies alike for his dedication to excellence and quality. This native Oklahoman continues to serve his community not only as a model business-leader but as a volunteer citizen contributing as a board member for numerous charitable organizations. Thank you, Phil, for your commitment to your community.
